

School Spirit Days

Good Afternoon,

I am the marketing director for Jersey Mike's Subs. We recently opened up in Christiansburg, and in some of our other locations we offer spirit days for the schools. This is a day that your staff will place an order the day before the said spirit day. We will have it ready in the morning and deliver it to the school so they can have a good Jersey Mike's lunch delivered right to them and in turn the school will get 10% of those sales. We would love to set up this system for you guys if you are interested! Let me know if you have any questions, we look forward to potentially working with you!
